Rating plate labels

Label inventory and components permanently and dependably.

These silver labels are ideal for the permanent labelling of components and rating plates and for use in inventories. They have extra strong adhesion, even on critical surfaces. The matt foil is weatherproof and resistant to ageing. It repels oil and dirt, is wet-wipeable, and resistant to temperatures between -40°C and +150°C.

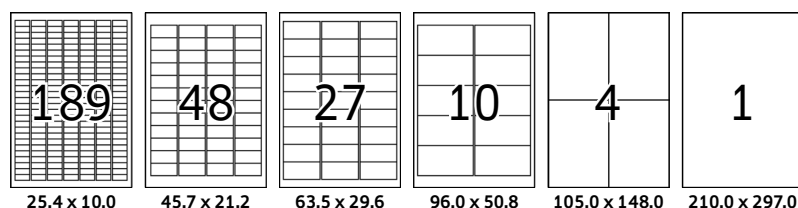

- Hard-wearing polyester film, extremely strong adhesion, even on critical surfaces
- High-quality stainless steel look
- Resistant to weather and ageing; oil and dirt-repellent, tear-resistant, wet-wipeable, resistant to temperatures between -40°C and +150°C

Security/Seal labels

Absolutely tamper-proof.

Security/seal labels in white polyester film are ideal for guaranteed seal. When they are removed, a white grid pattern separates from the label. Once removed, the label can no longer be affixed in the original position or transferred to other objects. No manipulation attempt goes unnoticed. Ideal for inventory labels, for tamper-proof sealing of devices, data media, documents and switches, for labelling products and as test badges and guarantee seals.

Security labels

- Visible residue left behind when removed, providing security cannot be transferred to other objects
- Minimum adhesion time: 30 min. Unsuitable for materials that split easily (e.g. paper, cardboard etc.) and synthetic materials containing plasticizer

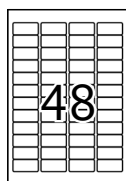

Seal labels

- Diverse range of applications as packaging or original seal, e.g. for bulk merchandise, mailings or documents
- Powerful adhesion, tear-resistant, resistant to temperatures between -30°C and +80°C

Security labels

Special film with anti-tamper facility, permanent adhesion

⁵⁾ Full-size printing (distance between the labels)

Transparent labels

Invisible yet effective.

Transparent labels from HERMA are virtually invisible – the inscription looks as if it is printed directly on the document. Ideal for coloured backgrounds and applications where visual appearance is important. for example coloured envelopes and folders as well as for inscriptions on stylish documents. for drawers and cabinets. for identifying documents. notices on desktop accessories. and for identifying property and products.

- Versatile: use wherever a white label would spoil the effect
- **Matt:** Ideal for coloured backgrounds. milky or satin glass or porcelain. stylish documents. updating or addressing
- **Crystal-clear:** glossy material. perfect on glass. shiny surfaces. plastic and metal
- Weather-resistant. oil and dirt-repellent. wet-wipeable. resistant to temperatures between -30°C and +80°C

QR Code labels / Correction/covering labels

Excellently informed.

Label. inform. cross-reference: QR code labels are perfect for sticking on product packaging, catalogues and more. They are absolutely opaque, even on coloured backgrounds; nothing shines through. For optimal readability when scanned with a smartphone.

QR Code Labels

- Ideal for mobile tagging of URLs, telephone numbers, addresses and text
- Fully opaque, easily read by scanners

Correction/covering Labels

- Unwanted inscriptions are completely covered - fully opaque

Jewellery labels, special perforation

- Ideal for pricing rings, clocks, jewellery, glasses and small-diameter objects (e.g. cables)
- Simply loop the non-adhesive middle section around the object. After the backing paper has been removed from the middle section, the jewellery labels adhere over the whole surface

QR Code labels

Product and price labelling

Robust and easy to detach.

Tags make great product and price labels. They are made of robust material, are printable on both sides, quick and simple to detach thanks to the microperforations.

- product and price labels on textiles
- as shipping tags on security tape and lattice box pallets
- for indicating material flows (tags accompanying merchandise)
- on pipes, wire, profiled sections, coils or spools or for the marking of large containers and workpieces

Robust tags

- Made of robust paper/film/paper laminate
- With pre-cut hole; simple to attach with a tagging gun or with strings and barbs

Labels, perforated, with adhesive strip on back

- Can be used as fully-adhesive label or as a tag with the adhesive strip on the rear
- Ideal in situations where full-surface application of the label is not required

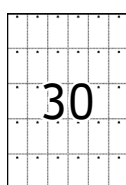

Robust tags

Paper/film/paper, fast to detach thanks to microperforations

Label or tag – depending on requirements.

Can be used as fully-adhesive label or as a tag with the adhesive strip on the rear. Fast and easy to detach thanks to microperforations.

Labels for the Home & Office (packs of 5 and 10 sheets)

Ideal for home & office work.

Labels in small, practical 10-sheet packs. Private individuals, small business operators, law firms and doctors' surgeries also need only a few label sheets for special label solutions. Best quality, in practical small quantities. For laser printers, colour laser printers, inkjet printers and copiers/colour copiers. And of course can also be labelled by hand.

- PREMIUM labels in packs of 10 sheets. permanently adhesive, guaranteed jam-free, high whiteness
- Removable labels for general use in packs of 5 sheets, removable without residue + adhering again several times
- Opaque file spine labels for narrow or wide folders, secure adhesion even with frequent folder use
- CD labels with positioning aid on each label, secure adhesion even in high-speed drives
- Name labels made of acetate silk, secure adhesion, removable without leaving residues
