Label Assistant Online

- Free of charge, simple and fast:
- No programme download, no software installation
- Select format, design label individually, print PDF!
- Always up to date with all HERMA label formats

- ☐ Rounded corners
- ☐ Sheet with border on all sides
- ⁴⁾ Peel-off aid on reverse (1 cut)

Name/textile labels

Make a good impression. but don't make holes in clothing.

For professional events from the very beginning. The self-adhesive name/textile labels made of high-quality artificial silk are a practical and inexpensive alternative to plastic badges. HERMA name labels are quick to inscribe (using a PC or by hand) and provide firm adhesion without the need for a pin or clip. They can simply be peeled off.

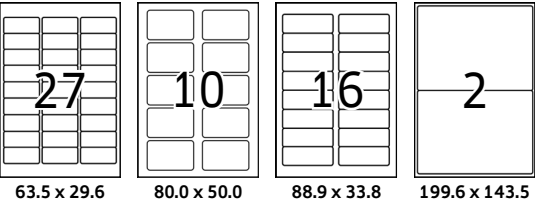

- Flexible textile material reliable adhesion. easy to remove
- Name labels for seminars, conferences, trade fairs
- Ideal for labelling of materials, carpets, mattresses

Weatherproof labels

Hard-wearing in wind and weather.

Ideal for labelling goods and containers. Information or warning signs outdoors thanks to special paper with weatherproof impregnation. Thanks to extremely strong adhesion, the weather-resistant labels also have a secure hold even on critical surfaces.

- Impregnated special paper with extremely strong adhesion, even on critical surfaces
- Weather-resistant, resistant to ageing, oil and dirt repellent, wet wipeable, resistant to temperatures between -30 and +80 °C

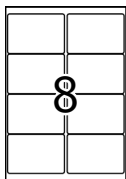

Weatherproof labels

Impregnated special paper, extra strong adhesion

Processing information for labels: A few things to remember

- Store them at room temperature (about 20°C) and protect them from moisture
- If only part of the package contents are used, keep the remainder in the closed package (with climate protection)
- Thumb quickly through the sheets before putting them in the feed tray
- Allow sheets to pass through the printer only once. Sheets with missing labels can cause paper jams if sent through a second time
- Please follow the recommendations of the machine manufacturer for the processing of heavy or thick materials

³⁾ Peel-off aid on reverse (4 cuts)

Outdoor film labels

For rugged outdoor use.

When labels are used outdoors or for rugged applications, the material must be one hundred percent reliable. HERMA labels made of outdoor adhesive film with extra-strong adhesive prove what they're worth even in extreme conditions.

Suitable for all surfaces including metal and plastic and for critical substrates (rough, moist, cold, warm, dusty).

- Extremely strong adhesion, even on critical surfaces
- Weatherproof, age-resistant, oil and dirt repellent, wet-wipeable, resistant to temperatures between -40°C and +150°C, saltwater-resistant
- Stretch film: closely hugs any surface, even curved ones

Outdoor film labels

Polyethylene film, extra strong adhesion

It's all written on the back...

To aid in identification of sheets that have been taken from the package, the article number is shown on the back. This also ensures a correct match with the article number selected by the software. Printing errors can be reliably avoided. And when it's time to reorder, you'll know what to request, even if you have only one sheet left.

- ☒ Rounded corners
- ☐ Sheet with border on all sides

Weatherproof film labels

Strong performance even under tough conditions.

Water. oil. dirt. extreme temperatures – that's no problem for these hard-wearing labels in white polyester film. Their weatherproof surface can withstand the harshest conditions. whether outdoors or indoors. wherever conventional paper labels are not up to the job. They have ultra-strong adhesion to any surface. Ideal for permanent property labelling, shelf labels in storage and production. signage. etc.

- Weatherproof. age-resistant. oil and dirt-repellent. tear-proof. wet-wipeable. resistant to temperatures between -30°C and +80°C. saltwater resistant
- Labelling of merchandise; identification labels. adhesive signs for display windows; information and warning signs; identification of items in storage and production facilities
- Weatherproof shipping labels: firm adhesion to all packaging materials: envelopes. parcels. shipping tubes. film. PE and Tyvek

Tear-proof polyester film

Signalling colour

Also ideal in the laboratory

...and in the warehouse

Weatherproof film labels. removable

Hard-wearing. durable and removable.

On shop windows, as information or warning signs, product identification or price labels: the hard-wearing film labels are strongly adhesive yet can be removed without leaving a trace. That makes them particularly suitable for temporary product labels or for frequently changing information in storage and production.

- Ideal for temporary product labels outdoors, as adhesive signs for shop windows, property labels, information and warning signs, and for changing information in storage and production
- Strong adhesion, yet removable without leaving traces of adhesive
- Weather-proof, age-resistant, oil and dirt-repellent, wet-wipeable, resistant to temperatures between -40°C and +60°C
