HERMA label sheets for PC printers

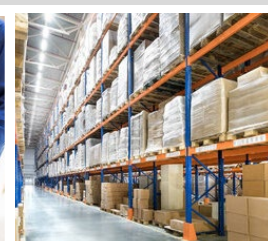

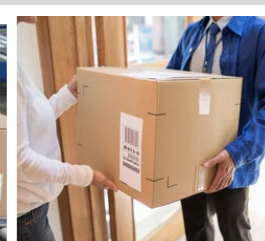

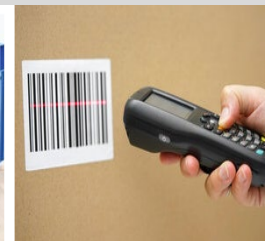

Perfect printing results – suitable for laser printers, inkjet printers and copiers

- Optimum processing reliability, trouble-free running in printers
- All-round protective edge to prevent adhesive residues
- Label material in proven excellent HERMA quality
- **Bulk pack**, practical climate-proof package
- Environmentally friendly: FSC® Mix certified, chlorine-free bleached, solvent-free adhesive

HERMA label sheets made of film, for laser printers and copiers

Extremely strong adhesion, even on critical surfaces

- Polyethylene film: weatherproof, stretchable, ageing resistant
- Saltwater resistant according to BS 5609, section 2
- Oil and dirt repellent, temperature-resistant from -40 to +150 °C
- Reliable processing and best printing results in laser printers and copiers, also suitable for colour laser printers
- Ideal for tracking and logistics labels, hazardous goods labels and as well as for product labelling (e.g. on pallets, containers, drums)

Film labels made of PE laser material

Not found the right label?

Sheet labels for industrial applications, custom made

- Does our standard assortment not have the format you need?
- Do you have technical requirements that are not covered by our standard labels (different material, different adhesive, special die-cutting, perforations,...)?
- Or do you need labels that are pre-printed with your company logo or a GHS diamond?

What deviates from the standard, we offer you **custom-made in special production**, unprinted or in different print qualities, in economical quantities, tailored to your application.

We would be happy to work out the optimum solution for your application together with you in a personal discussion: with the best materials and the appropriate printing technology implementation.
